

Vintage 2015

Ladies and Gentlemen,

Once again we've been blessed by a new vintage that brought forth wonderfully complex wines with great aging potential. The young wines are already a great pleasure to sample.

The entire growing season was marked by unusually warm and above all, dry weather.

Thanks to the good humus content of our vineyards' soils and several timely periods of rain, our deeply rooted vines had a sufficient water supply. Even at the height of summer, they showed no signs of stress due to the arid weather. A perfect autumn followed; harvest conditions were ideal. Sunny days and cool nights fostered ripening and blessed us with small, completely ripe and aromatic grapes, some of which benefited from noble rot. The weather enabled us to selectively pick our crop without stress and successfully complete an entire year's work in the vineyards.

Vintage 2015 offers something for everyone, from finely balanced Gutsriesling to extraordinarily complex Grosse Gewächse, and from elegant Spät- and Auslesen to noble Trockenbeerenauslese.

Best regards from the Mosel,

Weingut Fritz Haag
Oliver & Jessica Haag
